

**Conservation Contracts** undertakes small fabrication works including metal access barriers, picnic benches, kissing gates and vehicle barriers etc. Also timber construction including step encasement, footbridges, stiles and boardwalks.

**Conservation Contracts** Provide pedestrian access solutions where paths cannot be constructed due to steep banks, or existing structures have become unsafe, step encasements may be the only alternative.

Construction of timber gates for bridleways, footpaths and moorland tracks create character, look attractive, and blends in with the surrounding environment. Where timber bridges are requested we use kit bridges for low maintenance designed in accordance with BS5400 and BS5268.

**Access Barriers  
Picnic Benches  
Timber Steps  
Kissing Gates  
Footbridges  
Vehicle Barriers  
Boardwalks**

We also have a range of metal fencing available, and can also build to customers designs in order to match existing estate fencing.

Printed on recycled paper
