CCNW- Conservation Projects Operative

Company: Conservation Contracts North West
Starting Salary: £20,400 pa
Location: Northwest England
Website: <http://www.ccnw.info>
Contact email: contact@ccnw.info

If you are passionate about our environment's creation, protection, and guardianship, we offer you an exciting opportunity to join our conservation team. As part of our business growth, we are looking to appoint a Conservation Operative to strengthen our experienced team.

What we do

Conservation Contracts North West is a professional environmental contracting and consulting firm specialising in habitat management on environmentally and ecologically sensitive projects across Northwest England.

We provide an integrated and comprehensive service for local authorities, government agencies, commercial clients, community groups, utility companies and landowners, working in partnership to improve our environment.

Role Description:

The successful applicant will maintain and carry out the installation of site infrastructure, remedial tree work, and other site management works, in addition to conservation and habitat restoration works. You will be working in a wide range of locations, from local nature reserves, open spaces, and public rights of ways. You must be highly motivated and meet targets and schedules, and complete work to a high standard. All work is physically manual and involves working in remote locations at all times of the year.

This role requires someone with experience in practical estates maintenance and management work.

Role Specification:

- Carry out day-to-day conservation projects, including maintenance and habitat creation works on various sites across the north of England
- To be responsible for CCNW's local resources (premises, vehicles, protective clothing, tools and materials) and for ensuring they are maintained, serviced and replaced as appropriate.
- Ensure all practical work is carried out adhering to health and safety procedures.
- Have previous experience in conservation groundwork and hard and soft landscaping.
- Practical conservation or relevant qualification in conservation/ countryside/ environment knowledge is desirable
- Relevant cards & tickets (CSCS, abrasive wheels, chainsaws etc.) are desirable, but full training will be provided
- Have an active interest in the outdoor environment.
- Have a full driving licence that enables you to drive in the UK and access private transport.
- Ensure jobs are completed to specification and on time.
